SECTIONAL BASKETBALL TOURNAMENTS

of the

Indiana High School Athletic Association

The Indiana High School Athletic Association is a voluntary not-for-profit, non-tax supported association organized in 1903 to encourage and direct wholesome amateur athletics in the secondary schools of Indiana. Any high school in the state or any junior high school offering ninth grade, whether public, private or institutional, if accredited by the State Department of Public Instruction, may become a member by subscribing to the rules and by-laws of the Association.

Membership this year consists of 520 schools (419 high schools, 99 junior highs and 2 associates). Approximately 152,000 youth participate in IHSAA interschool athletics with 110,000 boys taking part in baseball, basketball, cross country, football, golf, gymnastics, swimming, tennis, track & field and wrestling. Tournaments are conducted in each of these sports which lead to qualification and participation in a State Tournament Series. Approximately 42,000 girls currently participate in badminton, basketball, bowling, cross country, field hockey, golf, gymnastics, softball, swimming, tennis, track & field and volleyball. State Tournament Series will be conducted this year for girls in golf, gymnastics, swimming, tennis, track & field and volleyball. In each of these activities the IHSAA Office provides leadership and service to the member schools by organizing, coordinating and supervising these events throughout the state.

The rules are made by the member schools whose principals may submit proposals or amendments to the legislative body called the Athletic Council. This Council is composed of 25 members elected by the memberships to five year terms. Five of these members also serve their final year on the executive body, known as the Board of Control, charged with interpreting the constitution and by-laws, organizing and directing tournaments, determining penalties, licensing sports officials and establishing the state office.

All 50 state associations are members of the National Federation of State High School Associations. Indiana's rules of eligibility and contest standards correspond closely to the rules recommended by the National Federation and are commonly enforced in other states. The National Federation participates actively in the formulation of policies and game rules which establish standards for interschool competition.

BOARD OF CONTROL: Don Sakel, President, Floyd Central (New Albany); Ray C. Amrhein, Brookville; Robert E. Day, Highland; Kenneth D. Miller, North Putnam (Roachdale); Max L. Mitchell, Fremont.

Phil N. Eskew, Commissioner
Ward E. Brown, Asst. Commissioner
